

Technical Data Sheet

Product Name	UM2161 (IBOA Isobornyl Acrylate)
CAS No.	5888-33-5
Structural formula	
Purity(%)	≥99.2
Appearance	Colorless transparent to slightly yellow liquid
Color(APHA)	≤20
Acid value(mgKOH/g)	≤0.05
Moisture content(%)	≤0.02
Viscosity(cps@25°C)	6-10
Polymerization inhibitor(MEHQ,ppm)	50-150

Feature: High hardness, good adhesion, good chemical resistance, good weatherability

Application: Plastic coating, metal coating, UV adhesive, vacuum plating coating

Storage: Store in a cool dry place, avoid direct sunlight.

Avoid contact with oxidizing agents, free radical compounds.

Avoid direct contact with skin and eyes.
